CHILTON FOLIAT CofE VA PRIMARY SCHOOL

Introduction

At Chilton Foliat CE VA Primary School we pride ourselves on our welcoming, inclusive and happy environment in which pupils thrive and want to do their best. We want all children to enjoy school, to be challenged to achieve their potential, and to consider their time at the school as their own 'learning adventure'. By offering a broad and balanced curriculum with high expectations and high-quality learning opportunities, all children have every opportunity to achieve the highest of standards. The achievements, attitudes and well-being of all our children matter. We aim to treat all pupils fairly and with respect, providing access and opportunities for all pupils without discrimination. We promote an ethos of care and trust where every member of our school community feels they belong and are valued.

Aims

The aim of the Accessibility Plan is to provide a framework for integrating disability equality into school life, so as to reduce and eliminate barriers, to promote access to the curriculum and full participation in the school community for pupils, and prospective pupils, with a disability. This Accessibility Policy and Plan is drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. This outlines how we intend, over time, to increase the accessibility of our school for disabled pupils, staff, parents/carers and visitors:

- Increase the extent to which pupils with disabilities can **participate in the curriculum** (this includes teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits)
- Improve the **physical environment** of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of **accessible information** to pupils with disabilities (this will include planning to make written information that is normally provided by the school to its pupils available to disabled pupils. The information should take account of pupils' disabilities and pupils' and parents' preferred formats and be made available within a reasonable timeframe).

The school has set the following priorities:

- 1) To provide safe access throughout the school for all school users, irrespective of their disability
- 2) To ensure that the teaching and learning environment and the resources used are suitable for all staff and pupils, tailored to the requirements of individual needs

CHILTON FOLIAT CofE VA PRIMARY SCHOOL

- 3) To provide training to all staff regarding the disability needs and how to provide assistance to enable them to enjoy the school experience as fully as possible

We aim to treat all pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind, in line with **our published Equality Objective: To seek out, appreciate and celebrate equality and diversity**. This has been broken down into three parts:

- To maximise opportunities and achievements for all groups of pupils including gender, sexuality, race, religion, those with SEND or who are disadvantaged or vulnerable
- To provide a curriculum which promotes, inclusion, equality and diversity for all
- To increase understanding of and respect for religious/faith diversity (including people who do not have a faith) and to learn to promote tolerance and understanding.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments, such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

CHILTON FOLIAT CofE VA PRIMARY SCHOOL

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with disabilities faces in comparison with a pupil without disabilities. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

Monitoring Arrangements

As per best practice and DfE guidance, the school's SEN information report will refer to this accessibility plan, confirming the 3 aims above are being met.

Below is the Accessibility Action Plan showing how the school will address priorities identified in the policy. The implementation of this plan is monitored by the Headteacher and by governors, through both Standards and Resources committee meetings, to evaluate its implementation and effectiveness. This policy and plan will be reviewed by staff and governors every three years, or earlier if the need arises. This policy and plan will be promoted and implemented throughout the school on an ongoing basis.

access of the physical environment to all.	recommendations to be included the strategic planning and SDP as budget allows.		
Ensure that building projects enable physical accessibility for everyone	Design will take account of current and future accessibility needs		Any new construction will improve access as appropriate.

Improving access and delivery of information

Much of this is covered in the plan section relating to access to the curriculum. The school also strives to meet the needs of other disabled members of the school community, and as such, the level of need must be understood, and the school will respond to changes in the range of need over time. Agencies and sources of such materials will be identified to be able to make the provision when required. The schools ICT infrastructure can also facilitate access to a range of materials supportive to need.

<u>Target</u>	<u>Action Required</u>	<u>Timeframe</u>	<u>Success Criteria</u>
To ensure that all parents and other members of the school community can access information as needed.	Work proactively with parents/guardians to identify how best to provide written information or alternative formats as necessary. (e.g. to hearing impaired). School office will support parents to access information and complete school forms (e.g. EAL families)	Ongoing	School information is available to all.
To ensure that parents who are unable to attend school due to accessibility issues have fair and equitable access.	To work proactively with parents to identify how to ensure fair and equitable access	Ongoing	The school provides fair and equitable access to all parents.
