Our School Christian Vision

With thankfulness, courage and love, we strive to improve heart and mind.

At Chilton Foliat Primary School we honour our educational heritage, supported by a strong Christian ethos. We strive to provide a diverse education that inspires children to develop a **thirst for knowledge**. This is delivered in a safe, thoughtful and nurturing environment promoting self-discipline, motivation and excellence in all that we do. We encourage strong partnerships and inclusive relationships amongst pupils, parents, carers, staff and the wider community.

How will the school prepare and support my child when joining Chilton Foliat School or transferring to a new school, including Secondary?	 can come and visit the school and spend a short time in their new class so they know the expectations, can be allocated a buddy and understand the procedure for early morning routine. Once we know that a child has SEND, we will meet with parents to decide on the desired outcomes we are all working towards and develo a plan to support each child to achieve these aims. A copy of this plan will be shared with parents as soon as possible after the meeting. If needed some plans may detail a 'transition plan' to help a child to settle into the school easily and happily. This transition should only take a short amount of time and will be decided upon during the initial meeting. If appropriate, a one-page profile can be drawn up to communicate to staff exactly how to help the child and explain what we are all working on. Whenever a child moves to another school, we always pass on school records to the new school. If a child has SEND, we are also: Pass on SEND records to the new school including SEND support plans or Statutory EHCP Plans and one-page profiles Liaise with the SENCO/ Headteacher or class teacher at the new school to clarify any information necessary 		
	 Statutory EHCP Plans. For example, extra visits to the school or the new school or working on a new one-page profile for the If possible, we invite the new school to the last annual review up as part of this meeting 	ettled move to a new school through their SEND support plan or r do transition work in preparation for move; maps or photographs of new school of a child with a statutory EHCP plan and a transition plan can be set plan at the end of Year 5 ready for Year 6 moving into secondary	
How are the school's resources allocated and matched to the children's special educational needs? How is the decision made about how much/what support my child will receive?	The school has a delegated budget for children with Special Educational Needs and this is used for providing effective provision for individual children. We embrace the needs of all pupils and have a whole school approach to special educational needs and disabilities (SEND). We provide effective opportunities for all pupils by responding to people's diverse learning needs, setting suitable challenges, and overcoming barriers to learning. Through Quality First Teaching, we engage and support the learning of all children in our care. Every teacher is a teacher of every child including those with SEND. The school holds regular 'Solution Surgeries'. This is for the SENCO to discuss pupils (with parental permission) with the Local Authority Inclusion Support Team. The school will then allocate resources and deploy members of staff according to need. The resources will be reviewed and evaluated during parental meetings, three times a year, and modified to ensure the effective support is maintained to maximise the learning and progress for individuals. Tracking progress on a regular basis will ensure the provision matched the need.		
Who can I contact for further information?	If you wish to discuss your child's educational needs, please contact the school office to arrange a meeting with the SENCO/Headteacher.
