SATS Revision

### P.S.H.E

- Keeping Safe
- Rights and respect

### Science

**Biology:** Evolution and Inheritance  
Identical and non-identical off-spring  
Fossil evidence and evolution  
Adaptation and evolution

Skills to be taught:

Know how the Earth and living things have changed over time

Know how fossils can be used to find out about the past  
Know about reproduction and offspring (recognising that offspring normally vary and are not identical to their parents)  
Know how animals and plants are adapted to suit their environment

Link adaptation over time to evolution  
Know about evolution and can explain what it is

Focus skills:

Explain degree of trust in results.  
Identity and evaluate scientific evidence that has been used to support or refute ideas.

### Religious Education

**Discovery R.E:** Sikhism: - Are Sikh stories important today?

**Understanding Christianity:** Salvation – What difference does the resurrection make to Christians?

### Computing

**Communication and collaboration:** Exploring how data is transferred by working collaboratively online.

**Creating media:** Video production - Planning and capturing and editing video to produce a short film.

## Sika Class Year 5 & 6 Curriculum Map Spring 2025

### History – Britain's settlements of the Anglo Saxon and the Scots By the end of this unit we will

- Know where the Vikings originated from and show this on a map
- Know that the Vikings and Anglo-Saxons were often in conflict
- Know why the Vikings frequently won battles with the Anglo Saxons
- Understand the importance of checking the accuracy of interpretations/evidence.

### Geography

#### By the end of this unit we will have explored

Our local area as geographical region and identify its human and physical characteristics; key topographical features and land use patterns; and understand how some of these aspects have changed over time.
